

Palestinian Christians In The Shadow of Christian Zionism

Palestinian Christian, Rev. Alex Awad reveals the effects of Christian Zionist theological beliefs on Palestinian Christians, in this insightful presentation made at a "[Christ At The Checkpoint](#)" seminar held in Bethlehem, Palestine. Millions of American Christians have been deceived by a theology that says that God gave the modern state of Israel, exclusively, to today's Jews and that the indigenous Palestinians living there, have no right to be there. Traditional Christianity rejects this notion. Please watch this 1 hr. 16 minute video presentation and, then, have one of your Christian Zionist friends watch it. Who knows, maybe they will come to realize that God is not a respecter of persons and welcomes one and all into His kingdom. A written summary of Rev.. Awad's presentation is available [here](#).
